Congratulations to the runners, bikers and walkers for their enthusiasm to raise awareness about IFA's commitment to the development of India.

Fellowship Spotlight

Jayshankar Pandey, one of IFA's most dynamic activists, has made significant impacts in his region through multitude of work. Although the focus of his work is in RTI and MGNREGA, which is his specialty, he selflessly volunteers to take up issues of immediate concern for the masses. Besides blowing the lid off many corrupt activities, he continues to organize educational seminars (on voting importance, women's violence, cleanliness etc.) to bring social changes at ground level. His strong work ethics and self-driven nature has been a key factor in achieving IFA's goal to change society through collaboration and awareness. Learn more about Jayshankar Pande [here](#).
